

A terrifyingly prescient cult classic by the author of the Berlin Noir trilogy LONDON, 2013. Serial killings have reached epidemic proportions-even with the widespread government use of DNA detection, brain-imaging, and the punitive coma. Beautiful, whip-smart, and driven by demons of her own, Detective Isadora Jake Jacowicz must stop a murderer, code-named Wittgenstein, who has taken it upon himself to eliminate any man who has tested positive for a tendency towards violent behavior-even if his victim has never committed a crime. Philip Kerr is winning more acclaim than ever for his beloved Bernie Gunther series and-with Kerr's higher profile-A Philosophical Investigation is poised to capture an all-new readership with its riveting tale of a killer whose intellectual brilliance is matched only by his homicidal madness.
