

Louisa Hallstrom is back! Introduced by author Ingrid Reinke in her award-winning debut novel *Dead-End Job*, everyone's favorite slacker Louisa now faces new dangers, reconciles with old flames, and suffers new indignities at the hands of her clueless boss Elaine. Louisa is undergoing therapy, still trying to heal from her physical and mental wounds, when Elaine announces that the Merit team is going to Vancouver for a PR convention and Louisa is coming along. What she doesn't mention is that Louisa's personal story will be the star of the show. Louisa is stressed and angry about being used as a pawn in Elaine's grasp for attention, so when strange things start happening, the convention goes from bad to worse. Louisa and her co-workers make the best of the situation by having a night on the town, but when memories, and people, start disappearing, they realize that something is very, very wrong. When Louisa's old flame Rocky shows up to help her solve the mystery, their romance is re-ignited. But is his love enough to keep her safe?
