

This is not your normal faerie tale. Meet some modern day changelings: thieves, gamblers, surfers, artists, musicians, and even imaginary childhood friends who are bound together by their half-human, half-fae blood. An original anthology of short stories, The Splendour Falls exposes the hidden population of changelings who reside in the World of Darkness, a world very similar to our own. In order to maintain their faerie existence on earth, they must constantly struggle against Banality and hunt for Glamour, raw creative energy. And if they are lucky, they may find passageway back to their homeland, the Dreaming: the land of fae.
